IoT, Automation mv.

Politisk indflydelse

Drift, ERP, Videndeling løsninger,

infrastruktur og databaser

Jeg tillader mig at meta-kommentere på formen, lol. Vi er en lille virksomhed med masser af arbejdstimer og arbitrær viden der flyver frem og tilbage. Jeg tror jeg savner et kollegialt miljø til almindelig casual, uformaæiseret sparring om det jeg beskæftiger mig med til dagligt. Sådan lidt shop-talk agtigt. Jeg savner egentlig ikke endnu en foredragsforening, sat på spidsen.
